

Increase your Exposure to the Electrical and Energy Engineering Community Participate in the "Electricity and Energy 2019" Exhibition

Companies active in Electrical and Energy Engineering are invited to participate in the central exhibition of the professional community. The exhibition is open to visitors on Wednesday and Thursday, November 6-7 2019, in the Herods Hotel, Eilat, in parallel to the popular and traditional 20th annual international convention "Electricity and Energy 2019".

In 2018 more than 1500 professionals attended, including: engineers; designers; developers; contractors of building, operating, and maintaining electrical and energy systems; communication and control operators; decision makers from the private sector and governmental authorities; and researchers from the academia.

Select a package from the following table. It offers: prime exposure to your potential customers, meeting with prime leads, customer retention, and enhancement of your PR.

The packages include:

- Listing company name and logo in the program brochure, on the event website and in all publications.
- Company's profile in the events brochure, space in accordance with your package.
- Projection of exhibitor's logo during central events.
- Space allocation depends on your package and date of booking, register early to secure your preferred space
- You may submit a technical talk in accordance with the Call for Paper policy.
- Space allocation will be considered for private commercial presentations to customers that you will invite.
