

Electricity & Energy 2019

The 20th Annual International Convention.

STARTUPS *meet* INDUSTRY

Thursday, November 7, 2019, Dan & Herods Hotels, Eilat

רשות החדשנות
Israel Innovation
Authority

The Society of
Electrical, Electronics,
and Energy Engineers
in Israel

"Electricity & Energy 2019", the 20th annual international convention of SEEI, in cooperation with the **Israel Innovation Authority** is holding on November 7, **Startups – Industry Meeting**. It offers collaboration between startups with an innovative technology/product and companies with technology or marketing experience. Startups will pitch, schedule one-on-one meetings and network in order to explore teaming with companies to conduct a pilot, strategic revision, design review, etc.

Startups may add-value prior to its next funding round or evaluation.

Traditional energy and utilities companies may meet innovative technology and evaluate partnership with hi-tech, it may lead to future business relation.

Venture capital and incubators may benefit from a review and validation, and add value of their portfolio companies.

This unique meeting offers a mutual win-win-win opportunity to all its participants.

The single day event offers: networking and mingling, one-on-one prescheduled meetings, and a pitch presentation session. "**Electricity & Energy 2019**" brings together 1600: decision makers, regulators, academic researchers, executives from leading companies, seniors from the engineering community, and hi-tech entrepreneurs, that you may meet with. Explore business opportunities in the relaxing atmosphere of the Red Sea.
